

Wednesday - 26 April 1950

1. Have discussed Sen. McCarthy's, Wherry's and McMahon's statements with the Director.
2. Received request from Mr. Ben Brown, Jr., Deputy Assistant Secretary of State for Congressional Relations, for CIA assistance in support of Sen. Lodge's legislation (S. 2269) allowing for enlistment of certain foreign contingents in the U. S. Army. The Department is anxious to have some arguments which they can use to convince the House Armed Services Committee to take action on this legislation.
3. The Director has informed me that with the express approval of the President, the CIA homosexual will be allowed to resign at the close of business 30 April 1950.
